

# *Raising Christian Children Now*

**This series teaches parents intentional strategies and solutions that will help make the difference for your child becoming a Christian adult.**

Are you, as a Christian, concerned that your children will spurn everything you stand for? Do you have the nagging feeling that your children need more spiritual guidance than Sunday School is providing? You are not alone. There has been a major shift in our society, and children are no longer getting cultural encouragement to follow Christian values. More than ever, parents must intentionally impart their spiritual and moral values to their children.

A Barna study asked parents with children under eighteen to rate their parenting performance on fifteen different indicators. Parents ranked their efforts related to morality and spirituality at the bottom of the list. Christian Values Legacy offers solutions and strategies to equip you to confidently train your children to become Christian adults.

“David fed Judah with integrity of heart and skillfulness of hands” (Psalm 78:72.) A

significant part of imparting your values is living with integrity. Millie shows parents how to shore up their thinking, speech and actions, and stop double standards that turn children away from God.

Most people have had little training in parenting outside of their own family experience. Millie teaches techniques and skills that can be implemented to add the spiritual dimension to what you are already doing.

The Raising Christian Children Now Seminar Series is available as a weekend seminar, teleseminars, or separate 90-minute breakout sessions:

- The Daze of Our Lives: You can adequately prepare your children if you know the enemies they face.
- Refuge of Strength: Your home can be the place your children confidently turn to for help and answers.
- Heart After God: You can save time by training attitudes, not just behavior.
- Principle or Preference: You can give your children lifelong tools for making Godly choices.
